SELECTMEN'S REPORT

One of the most important accomplishments of 1974 was finalizing the Solid Waste Disposal issue. We wish to thank Mark Chamberlain, Orson Smith, and Peter Kmet for their assistance in gathering as much information as possible which eventually led the voters to choose the land-fill method.

This will be our first year under the Municipal Budget Law and as the system is new to us all, we are hopeful the experience gained will become more beneficial to the town in future years.

We, also, wish to thank the many departments and committees for their efforts in making Hinsdale a better place to live.

Looking to the future we again, very strongly recommend the Town Manager form of government. The work load which now faces the Selectmen should be handled on a full day, full week basis and a Town Manager is the answer to the problem.

Sincere appreciation is extended to the Bicentennial Committee for their efforts in preparing a full year of activity in 1976. It is our hope all residents will join in to help the Committee fulfill a complete year of celebrations.

Charles L. Lavalla, Chairman

Robert M. Brinck, Selectman

Mildred P. Zywna, Selectman

AMENDMENT IV

To see if you are in favor of the adoption of the Amendment to the Zoning Ordinance as follows:

Amend Article III entitled General Provisions, by adding a new Section G - Cluster Developments. The Planning Board is hereby authorized to exercise its power with respect to all applications falling within classifications of cluster development described in the conditions below and will either approve or disapprove said application. The following standards and conditions shall be those by which a cluster application shall be evaluated. The Planning Board shall adopt regulations and procedures for reviewing said cluster development applications.

(1) Permitted Uses: Any use permitted in the respective zoning district shall be permitted within a particular cluster development.

(2) Density: The average overall density of a cluster development submitted under this proposal shall not exceed ten (10) dwelling units per acre.

(3) Site Suitability: The site proposed for cluster development shall be suitable to support the proposed uses of the land involved.

Proposed Zoning Ordinances
Page 4

(4) Common Open Space: Any common open space resulting from the proposed development shall be set aside for the benefit of the residents of the development and/or the Town as specified by the applicant. The continued maintenance of the land, payment of taxes and other related issues for such open space shall be provided for in a homeowners association agreement which shall be reviewed and approved by the Planning Board and shall become part of the approval of any cluster development containing common open space.

(5) Minimum Size: No cluster development shall be authorized by the Planning Board unless such development contains a minimum of six (6) acres.

(6) Site Standards: The minimum lot size and frontage requirements shall not apply to buildings within the cluster development, however, the following requirements shall be met:

A. Adequate off-street parking facilities shall be provided.

B. Common open spaces of land shall be provided in the amount totaling not less than 50% of the total land area of the entire tract and will not include as areas designated as sidewalks, roads, parking areas, or land upon which buildings are placed.

C. Set back shall be a minimum depth of 50 feet from the nearest edge of the right-of-way.

(7) Administration: Any expenses which the board may incur securing information relative to such a cluster development including legal and engineering survey and other pertinent service, shall be reimbursed to the board by the applicant.

The Planning Board shall place on its agenda for consideration any application received. Such initial consideration shall occur within thirty (30) days of the filing date of the application with the planning board chairman or secretary. The Planning Board shall approve or disapprove said application within sixty (60) days of the filing date of the application.

No building permit shall be issued by the Selectmen for any building within a cluster development until such time as such development has been approved by the Planning Board and the Board of Selectmen have been so notified in writing by the Planning Board.

AMENDMENT V

To see if you are in favor of the adoption of the Amendment to the Zoning Ordinance as follows:

Amend Article IV: Entitled "Residential District" to: "Residential District #1." and to delete the first sentence which reads as follows: "The Residential District shall enjoy the following provisions:" and delete sentence #1 beginning with the words, "It shall be" and ending with the words, "will not be permitted." And in their place substitute the following sentence, "In Residential District #1, no building shall be erected, or used and no land shall be used for any purpose except the following:"

Amend Article IV: Entitled, "Residential District" by adding a new section Residential District #2. After Residential District #1, Section 11.

Residential District #2, no building shall be erected, or used and no land shall be used for any purpose except the following:

1. Home products and produce may be bought and sold and exposed for sale in this district. Roadside stands for the sale of said home products and produce shall be placed so as not to create roadside hazards or undue congestion.

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Hinsdale for the fiscal year ended December 31, 1973.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Hinsdale at December 31, 1973, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Very truly yours,

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Hinsdale
New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Hinsdale for the fiscal year ended December 31, 1973, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk for retention as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water and Sewer Departments, Public Library, Municipal Court, Cemetery Lot Funds, Public Health Nursing Association and Trustees of Trust Funds.

The accounts of Paul O. Aust, Tax Collector, for the period January 1, 1973 to March 6, 1973, were examined in an earlier audit. A report of this audit was submitted to your Board on March 30, 1973.

FINANCIAL STATEMENTSGeneral Fund:Comparative Balance Sheets - December 31, 1972 and December 31, 1973:
(Exhibit A-1)

Comparative Balance Sheets - General Fund - As of December 31, 1972 and December 31, 1973, are presented in Exhibit A-1. As indicated therein the current surplus of the Town increased by \$41,717.69, from \$35,380.61 to \$77,098.30 during the fiscal year.

Analysis of Change in Current Financial Condition: (Exhibit A-2)

An analysis of the change in current financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increases in Current Surplus:

Net Budget Surplus (Exhibit A-4)	\$51,717.31	
Tax Collector's Excess Credit	<u>.38</u>	
		\$51,717.69

Decrease in Current Surplus:

Surplus Used To Reduce Taxes	<u>10,000.00</u>
<u>Net Increase in Current Surplus</u>	<u>\$41,717.69</u>

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1973 are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a revenue surplus of \$65,895.03, less a net overdraft of appropriations of \$14,177.72, resulted in a net budget surplus of \$51,717.31.

Long Term Indebtedness:Comparative Balance Sheets - December 31, 1972 and December 31, 1973:
(Exhibit A-5)

Comparative Balance Sheets of the outstanding long term indebtedness of the Town as of December 31, 1972 and December 31, 1973, are contained in Exhibit A-5. During the fiscal year, the long term debt increased \$26,000.00, from \$85,000.00 to \$111,000.00.

Statement of Debt Service Requirements: (Exhibit A-6)

A statement of debt service requirements, showing annual maturities of principal and interest, is presented in Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended December 31, 1973, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance of December 31, 1973, is indicated in Exhibit B-2.

Revenue Sharing Fund:

Statement of Revenue, Encumbrances, Expenditures and Fund Balance:
(Exhibit B-3)

A statement showing revenue, encumbrances, expenditures, and fund balance as of December 31, 1973, is shown in Exhibit B-3.

Water Department:

Statement of Account: (Exhibit E-3)

A statement of Water Department receipts and expenditures for the fiscal year ended December 31, 1973, is included in Exhibit E-3.

Sewer Department:

Statement of Account: (Exhibit F-2)

A statement of Sewer Department receipts and expenditures for the fiscal year ended December 31, 1973, is included in Exhibit F-2.

WATER DEPARTMENT

Comparative Balance Sheets - December 31, 1972 and December 31, 1973:
(Exhibit E-1)

Comparative balance sheets which disclose the financial condition of the Water Department at December 31, 1972 and December 31, 1973, are presented in Exhibit E-1. As indicated therein, the current deficit decreased by \$10,632.97, from \$125,700.05 to \$115,067.08, during the fiscal year.

Statement of Income and Expenses: (Exhibit E-2)

Exhibit E-2 reflects the results of operations of the Water Department for the fiscal year ended December 31, 1973. As indicated therein, the net profit for the year, exclusive of interest expense of \$1,822.50 paid by the general fund of the Town, amounted to \$10,632.97.

SEWER DEPARTMENT

Comparative Balance Sheets - December 31, 1972 and December 31, 1973:
(Exhibit F-1)

Comparative balance sheets which disclose the financial condition of the Sewer Department at December 31, 1972 and December 31, 1973, are presented

Town of Hinsdale

February 28, 1974

in Exhibit F-1. Since there are no fixed asset records maintained and likewise no depreciation expense charged against current revenues, we are unable to express an opinion as to the fairness of the balance sheet and related retained earnings of the Sewer Department as of December 31, 1973.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of the uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS AND RECOMMENDATIONS

Water Department:

Our audit disclosed once again the need for the following changes in the accounting practices of the Water Department:

- (1) Standard accounts receivable ledger cards should be used instead of columnar type journals.
- (2) Petty cash items should be paid from a petty cash fund rather than from cash receipts. Receipts should be deposited intact in accordance with good business practices.
- (3) Care should be taken to record all receipts on the books in the proper fiscal year.

Revenue Sharing Funds:

Under Article 17 of the 1973 Town meeting, the Town voted to expend \$38,952.00 from revenue sharing funds. However, on the 1973 statements of appropriations and taxes assessed submitted to this department, the sum of only \$23,268.00 was inserted as estimated revenue from that source. As a result, property taxes of \$15,684.00 were raised in excess of actual requirements needed.

Net Overdraft of Appropriations - \$14,177.72:

As indicated in the budget summary (Exhibit A-4), there was a net overdraft of appropriations in the amount of \$14,177.72 as a result of 1973 operations.

The significant factor which caused this overdraft, was the overdraft of \$18,777.23 in the general expenses of highway department appropriation. Apparently Highway Subsidy fund receipts totaling \$16,472.00 were not

Town of Hinsdale

February 28, 1974

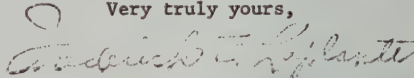

budgeted in the 1973 Town budget but were expended in addition to the amount appropriated for general expenses of the highway department. It should be noted that the expenditures of Highway Subsidy funds not only must receive prior approval of the Town, but also must be properly included in gross appropriations inserted in the Town budget.

Conclusion:

The provisions of Chapter 71-a, Section 21, require that the Auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Hinsdale for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante
Director

The librarian and her trustees wish to take this opportunity to thank all who have given books and magazines to the library during 1974. We have also had several sums of money given to the library and we will purchase books which we ordinarily could not afford to own. All of these gifts are truly appreciated.

HINSDALE PUBLIC HEALTH NURSING ASSOCIATION

Following is a report of the activities of the association from January 1 to December 31, 1974.

Direct care to patients and Health Promotion	513
School children attended	2102

In January the second Dental Health Program sponsored by the local Lions Club was completed. There were 241 children from kindergarten through grade eight who received treatment. The program offered cleaning and inspection, fluoride treatment, and dental hygiene instruction, with referral to a dentist as needed. Mrs. Betty Tyler was the dental hygienist, assisted by volunteers from the nursing association, Lions Club, and community. The durable equipment is supplied by the N. H. Dental Health Program. The third year of this program will start early in 1975, also sponsored by the Lions Club.

In March a Measles Clinic was held for preschool children through grade twelve and 256 vaccines were administered. The vaccine was supplied by the Communicable Disease Control Program of N. H. and was administered by personnel from that program. Volunteer helpers were from the Agency and the community.

A free preschool hearing and vision screening program was conducted at the Elementary School in May and 43 children were tested. The N. H. Division of Health provided the equipment and a supervisor. The nurse and volunteers assisted and defects were referred for correction.

During the year the school physician did physical examinations for 152 students.

The Nurse gave screening tests for hearing and vision to 790 students and defects were referred to the parents.

The Nursing Association held two meetings, one with the Medical Advisor, Dr. Robert Walker. Any townspeople interested in becoming members of the Association would be most welcome.

I wish to thank those who have helped in carrying out the work during the year.

Respectfully submitted

Mrs. Bertha C. Bradbury, R. N.

REPORT OF CIVIL DEFENSE DIRECTOR
1974

The town Civil Defense Plan was reviewed and up-dated as required by changes in Town Officers as a result of Town Meeting. No other changes were made in the basic plan. As a result of newspaper items stating that no monitoring capability existed in the town a letter was written to the newspaper stating the existence of the radiological monitor in the Town Hall, and inviting them to visit and inspect it. This brought an interview and two more items verifying this fact. Radiological teams met during the year and accomplished training to insure the continuing capability to monitor and report any radiological hazard.

No actual Civil Defense emergencies occurred during this year.

No expenditures were made in the personnel and administrative area. All requirements were met with voluntary assistance.

Civil Defense Surplus Material expenditures were \$15.00 (Fifteen Dollars) to the N. H. Distributing Agency.

In as much as CD funds lapse and can not be carried forward it is recommended that articles be included in the town warrant for 1975 as follows: Personnel and Administration: \$250.00, and Surplus Property: \$500.00. Due to Federal Requirements these must be separate articles specifically for these purposes. Any amounts not expended revert to the General Fund.

REPORT OF THE HINSDALE CONSERVATION COMMISSION

During the past year the Commission has initiated and/or completed part of the planned recreation area adjacent to our school.

We wish to inform the Townspeople in this report of the progress so far.

The overall plan has been drawn and published.

Surveying the line between the recreation area and Hinsdale Heights Development.

The fencing along the boundary between the recreation area and Hinsdale Heights has been completed.

The necessary grading, clearing, draining etc. known as site preparation has been completed.

The building of two tennis courts is well underway and will be completed in the Spring (1975).

The cost of these improvements are enumerated below.

Planning	\$1,100.00
Surveying	211.50
Fencing	4,993.10
Site Preparation	12,900.00
Tennis Courts	<u>18,310.00</u>
Total	\$37,514.60

It might be well to remind the residents of Hinsdale at this time that half of these costs are defrayed by the Bureau of Outdoor Recreation.

We also wish to thank the residents of Hinsdale for their support in this undertaking.

REPORT OF HINSDALE BOARD OF ADJUSTMENT

The board heard a total of eighteen appeals. Of these eighteen the board denied two applicants.

At our April meeting we were notified of the State Chapter 422:1 Amendment RSA 31:71-stating a notification by certified mail with return receipt requested be sent not less than five days before a hearing and a public notice appear, and notice be placed in local newspaper no later than five days before hearing. All costs to be payable by person making appeal. This article was published in local paper. Before this all costs were paid by the board.

During the coming months we will be working and studying the zoning rules and will attempt to make some suggestions to clear some of the problems we have been faced with in the past.

In November we accepted with great regret the resignation of Mr. E. Sherman Wright who has served on the board since it was originally organized. We would like to take this opportunity to thank him for all of his help and assistance. Also to all the others that have been so helpful.

REPORT OF HINSDALE PLAYGROUND COMMITTEE
1974

The past two years our objective has been renovating the Playgrounds. Our goals have not been reached at the present time, but we do feel we are much closer and hope to complete this program this year.

A new electrical system has been installed in the fieldhouse, two coats of paint applied to the exterior, windows replaced and new screens installed. A water bubbler was added.

The play equipment has been restored and improved, a new piece (gym set) was installed.

The July 4th "mid-way" has a new electrical system installed with underground cable leading to each electrical pole with four out-lets. Flood lights were added to the top of these poles and can be removed when not in use.

The swimming pool has had several major repair jobs in the past two years. However, a drainage problem still remains. The pool has operated, with much care, the past summers with a healthy chorine level.

The bath houses were completely renovated with eight new toilets, sink and new roof. Two coats of paint applied to exterior.

For several years Hinsdale has turned out championship baseball teams while playing on one of the worst fields in the state. The short left field (220') made it impossible to play without running on road while catching or chasing a ball. Third base side was 24" lower than first base side, and home plate 6" lower than first base. The infield "skin" was almost impossible to stop, a ground ball., not to mention the unsafe conditions.

These conditions have been corrected. We have an excellent field and with proper maintenance will even improve. The field will be cared for by the playground committee, as well as all mowing etc.

The field has been turned to allow 300' on left foul line. The road is no longer a factor. The field is level and cut to the correct measurements.

This year the summer program was increased to seven weeks with an average attendance of fifty children, some days reaching a hundred. The program is well directed and the children receive a well rounded program, both entertaining and educational.

REPORT OF THE HINSDALE PLANNING BOARD

The year 1974 presented your planning board with an even heavier schedule of work than in previous years. The schedule was dominated by increased numbers of subdivision applications. Each of these subdivisions was checked by the board on individual merits although most were routine in nature. One major subdivision was disapproved during this year with all minor subdivisions being granted.

Site plan review applications for commercial construction were in greater number this year. The board denied one, passed one with conditional approval and passed the balance of the applications.

Your board has been holding special monthly meetings with the director of the Regional Planning for the purpose of updating the Zoning Ordinance. The changes proposed will be voted by ballot during the day of town meeting. The recommendations of the board will be shown on the ballot for each of the proposed changes. We request your support of these recommendations.

During 1975 your board will, of course, continue handling the increasing load of subdivision and site plan requests which with two other major areas of concern which will require substantial activity on its part. One of these is the upcoming implementation of the HUD Federal Flood Insurance Program which can have a tremendous impact on our community. We have already initiated investigative actions on this with the State and Federal agencies concerned together with the cooperation of the Regional Planning staff. Second of our concerns will center on our town water supply, present and future. The State Water and Pollution Control Commission has advised us to consider water use restrictions and curtailment of extending additional service until a more thorough investigation of our present situation can be conducted. They further advise early action on possibly developing additional supplies. There are further recommendations that reliance upon Kilburn Pond is inadvisable. We anticipate considerable assistance on these problems from the Regional Planning staff. Thus, your Planning Board has its work cut out for it in 1975.

We should like to draw the voters attention to an article which asks for funds to continue our membership in the Regional Planning Commission which has been and will be of invaluable assistance to your board in behalf of the town. We strongly request approval so we may serve you better.

The board has learned that a budget cut of 72% (seventy two percent) from last years' funds has been proposed this year. We suggest that this action is totally unrealistic if your Board is to continue its efforts effectively in the protection of the town and its citizens.

In closing this report we ask for your continued support, for your constructive criticism and for the valued suggestions you can afford us.

HIGHWAY DEPARTMENT REPORT

1974

The following is a summary of the work completed by the Highway Department other than drainage, ditches, dirt roads and equipment.

Plowed 8 storms
 Sand and Salted 14 storms
 Picked up snow from streets 4 times
 Cut trees & Brush
 Took 140 loads of brush to the dump

Installed gas tank and pump for Town equipment

The T.R.A. money was spent on Prospect Street to replace 36' of 15" culvert
 46' of 24" culvert
 320' of 6" under drain

The clay from these ditches was drawn away and gravel replaced it. Gravel was put on the road and mixed with asphalt to get a hard surface.
 The trees and stumps were cut and removed.

The tar money was spent on the following streets and roads:

Monument Road
 Pierce Road
 Walnut Drive
 Ebbighausen Drive
 Depot Street
 Kilburn Street

Article #30 - Depot Street walk was removed and replaced with hot patch.
 Article #18 - Middle Ox-Bow Road construction was completed.

A 6' culvert was installed 30' long
 The trees and stumps were removed
 2,455 yards of dirt and gravel was put in place, plus what the dozer pushed into the hole.
 The State has recorded some 48 miles of Roads on which they pay our T.R.A. allotment

Sixteen Drive-way permits were given to alter, repair, or build new.

The figures I have on equipment maintainance makes me feel that it is taking to much time from our roads and I hope this can be corrected in the near future.

The following is the 1974 maintainance figures on each piece of equipment:

Truck #1	\$2,059.15	1967 Chev.
Truck #2	\$1,387.61	1969 Chev.
Truck #3	\$ 164.23	1972 Ford
Truck #4	\$ 412.67	1973 International
Truck #5	\$ 235.62	1958 G.M.C.
Loader	\$5,768.72	1962
Grader	\$1,050.45	1965

I have examined the books of Hinsdale Schools as of June 30th, 1974 and the treasurer's report for the year then ending.

This examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the bank balances of various departments, and the income and disbursements were correctly recorded.

Respectfully submitted,

Paul O. Aust

Staff

Mrs. Laurel Powell, a graduate of Keene State College, joined our staff as a teacher aide to assist Miss Eastman in the Kindergarten.

Mrs. Gretchen Judd assumed a new assignment in Grade 6 in September and Mrs. Robin LaRoche was assigned to Grade 2 after having taught kindergarten for several years.

We are fortunate to have the volunteer services of a number of junior and senior high school students in helping our students on a one-to-one basis.

Mrs. Susan Leach and her reading students also work with some youngsters who need assistance in reading. Mrs. Leach's position is federally funded.

Curriculum

Plans are underway for up-dating our math program. Discussions have been held with Mr. Allen Leach at the high school and sample math materials are being gathered for evaluation. Present trends indicate a return to a greater amount of drill, emphasis on the fundamental math processes and the addition of instruction in the metric system.

Fifty percent of the Class of 1974 (twenty-three of forty six) are presently enrolled in post-secondary schools. Thirty-nine percent are employed two percent are in the armed forces, and eight percent are housewives.

Staff

We have only one staff change at the high school this year. Mr. Ronald Noyes, a graduate of the University of Rhode Island, replaces Mr. Gerald Maloney in the Science and Social Studies areas.

Enrollment

The 1974-1975 enrollment is as follows:

<u>7</u>	<u>8</u>	<u>9</u>	<u>10</u>	<u>11</u>	<u>12</u>	<u>TOTAL</u>
85	53	78	58	54	47	375

We are projecting an enrollment of 411 for the school year 1975-1976.

Curriculum

Our Remedial Reading Program, which is now in its second year, has proven to be an invaluable addition to our curriculum. At present, this reading program is involved with some thirty students. The program is also providing some services for the elementary school in the form of tutorial help. Specifically, high school students are working with some elementary students on a one-to-one basis. The program is federally funded.

HINSDALE SCHOOL DISTRICT

At the last annual school district meeting, voters amended the school board's budget by appropriating \$37,831.79 less than the budget called for. This resulted in the School Board having to review and reduce certain areas of the budget in order to conform to the appropriation. Some explanation of the reductions and their impact is in order.

A budget, by definition, is an estimate of the amount of money to be spent for various purposes. The more in advance of the actual spending that the estimate is made, the more unreliable it becomes. Therefore, in spite of the fact the school board reduced its plan for spending, it remains to be seen whether or not the school will be able to operate according to that plan. In any event, the reductions were made as follows:

1. Instructional salaries were reduced by \$9,545.79. This brought about the elimination of one kindergarten teacher, reducing the amount allocated for substitutes, and eliminating some clerical time.
2. The amount allocated for textbooks was reduced by \$766. Purchase of some needed textbooks was postponed.
3. Library and audio visual materials were reduced by \$3,260. The purchase of library books, periodicals, filmstrips, records, instructional aids, etc. was substantially reduced.
4. The amount set for teaching supplies was reduced by \$3,015.
5. Contracted services was reduced by \$125. Summer library assistance was eliminated.
6. Other instructional expenses were reduced by \$680. by eliminating assemblies and field trips for students.
7. Transportation was cut by \$4,500. This meant that transportation of athletes would not be paid for by the district.
8. Operation of Plant was cut \$8,225. by reducing the amounts allocated for supplies, heat, electricity, and telephone.
9. Maintenance of Plant reduced by \$5,955. This meant that needed repairs to equipment and buildings and replacement of equipment would be postponed.
10. Fixed charges were reduced by \$60.
11. The capital outlay account allocation was eliminated by taking out \$1,700.

The total of these reductions equals the difference between what the school board requested last March and what was appropriated. Since the reductions in the various areas were made, an inflated economy has further complicated the situation. In an attempt to compensate for this the Board has not replaced an elementary art teacher who resigned.

Some economists say a certain amount of inflation is the price a nation pays to avoid widespread unemployment. However, when that trend continues too long, as it apparently has, workers begin to lose jobs. Inflation and unemployment is a condition which cannot be satisfactorily reconciled in preparing a school budget any easier than it can be coped with by people at home. On the one hand, the costs of goods and services are beyond our control. On the other hand, paying more for these goods and services by people whose own resources have been stretched thin, is an unpopular proposition. In spite of these complex problems, we are obligated to continue to operate schools. We cannot go out of business.

The budget being proposed by the School Board and recommended by the Budget Committee for 1975-76 reflects the cost of an inflated economy, the requirements of a new state statute concerning the Education of the handicapped, and the provisions of the salary schedule agreed to by the teachers and the school board. There are no new services incorporated in the budget. As a matter of fact, provisions for an elementary art teacher and one kindergarten teacher have not been reinstated in this budget.

Much has been written about the subject of accountability in connection with the schools. Most agree that the school system is accountable to those who pay the bill - the public. Part of the problem, however, is that the public is made up of several special interest groups with diverse views regarding their expectations of the schools. Thus, in spite of the fact that educators and the public may agree on the concept of accountability, the establishment of precise goals for the schools which everyone can agree on is most difficult. All of us, individuals as well as groups, teachers as well as parents, legislators as well as taxpayers, have a responsibility for educational outcomes. We need to know precisely what we want the schools to achieve and make certain that the goals are attainable, for regardless of our role, we are all ultimately accountable to the students.
